02 Course Plan

03 Course outcomes

The overall objectives of the course are :

- 01 To enable students to acquire and control the foundational sound structures and sentence patterns in beginner-level English.
- 02 To develop targeted reading skills essential for understanding general exam questions and study material.
- 03 Ensure students can effectively use English for studying purposes.
- 04 Enhance language skills with a focus on grammar and pronunciation.
- 05 To introduce students to basic English vocabulary, including alphabet and numbers mastery.

How will the course help you pass the

Answering (MCQs) type of question requires having the ability to read and understand what is being asked.

Course Plan:

Part One: Phonics

Why Phonics?

Phonics is one of the most effective, engaging and joyful approach for learning and enhancing

READING SKILLS

by focusing on the sounds and letters of the English language.

As Brian Hock mentioned clearly ,**the first** step in answering exam questions is being able to **READ**.

He said “you don’t need to be able to speak , it is not a spoken exam.

what you primarily need is to be able to **read**, **understand the question** and finally **identify** the **correct answer.**”

Part Two: Basic English Grammar:

These lessons will help you learn essential English grammar. By building a strong foundation in basic grammar, then you will be able to avoid mistakes and progress to higher levels of English proficiency.

Learning Outcomes:

Specifically, after completion of this course the students will be able to:

Reading Skills :

1. Read English with understanding.
2. Develop correct reading habits
3. Understand the content and underlying meaning in the context.
4. follow sequence of ideas, facts etc.
5. locate Significant points and features in a business-related or exam-specific sentence
6. Easily be able to recognize important parts of the sentence.
